

Your First Choice for Process Equipment & Parts

Barnum Equipment Sales (BES) is a leading nationwide supplier of process equipment including pumps, valves and custom fabricated systems for the food, beverage, specialty process, and geothermal industries. We partner with you to engineer and size the right equipment for your process.

BES offers specialized services including:

- Equipment selection & sizing
- Installation & integration support
- Automation & controls
- MRO
- System optimization & process improvements
- Troubleshooting
- Energy savings
- Custom fabrication
- Custom modular & portable skids

You Know Your Products. We Know the Process.

Barnum Mechanical Inc. (BMI) is a full service design-build firm providing inspired turnkey process solutions for the food, beverage, specialty process, and geothermal industries throughout the United States.

BMI services include:

- Process engineering
- Project management
- Automated control systems
- CAD, 3D Modeling & BIM Design
- Custom fabrication
- Field installation

Piping Design and Installation:

- Sanitary piping
- Utility support systems
- Pipe fence systems

Custom Modular and Portable Skids including:

- Blending/batching systems
- Bulk ingredient receiving storage & distribution
- CIP systems
- COP systems
- Drum/container handling systems
- Filtration skids
- Hot water support systems
- Hydration systems
- Mixproof valve assemblies
- Pasteurizing systems
- Pump carts
- Sanitary air systems
- Sanitization/rinse/foam systems
- Steam/condensate handling systems
- Thermal process systems
- Water treatment systems
